- F. If service to the property has been off for 12 months or more, a safety inspection must be performed by a licensed electrician and the electrician's report turned in to the Building Department in City Hall before services can be turned on. See policy for more info.

If you are moving to a different location you must re-apply again in person or by fax 1 working day in advance. To turn services off we need 1 business day notice.

3. Service Calls:

Service calls are expensive! You will be charged a service fee if we are called out and the problem is one of the property's and not the City's. **Check the following before calling to eliminate unnecessary and costly service calls:**

- A. Check circuit breakers – are they on? City staff will not touch circuit breakers.
- B. Check for water leaks on the property.
- C. Check to see if the sewer is clogged between the house and the main.
- D. Check the main water valve on the house – is it on?
- E. Be sure of the scheduled turn-on or turn-off dates. If we need to make additional trips because you want the date changed or the order cancelled, and you have not given us 1 working day notice, you will be charged a service fee.

4. A one-time fee is added to the first bill for opening a new account at each service address. This fee is not refundable.

For your convenience, bills may be paid at the City Hall or deposited in the drop boxes located in the City Hall lobby or on the island in front of the Police Department. Please make checks payable to the City of Lompoc. Please include the return portion of your bill for credit.
